### PROJECTS

#### Giphy Generator — Juno College

Worked with the Giphy API to create a meme generator using React.

#### Pokemon Generator — Juno College

Worked with the Pokemon API to create a Pokedex generator.

### EXPERIENCE

#### **The Lyre, 2018** — *Associate Editor*

Helped launch UofT's newest literary magazine. Sorted through hundreds of fiction and non-fiction submissions to curate works. Responsible for setting the tone of the magazine. Worked with authors and editors-in-chiefs to copyedit works on deadline.

#### **Torontoist, 2015-2017** — *Newsstand Writer/Contributor*

One of two writers for the newly launched daily newsletter. Worked closely with editors to provide copy on deadline.

### EDUCATION

#### **Juno College** — *Web Development Bootcamp*

AUG - OCT 2020

Refined HTML/CSS skills and learned new concepts like React JS, React components, Axios, Firebase, git branching, and CSS grid.

#### **Juno College** — *Accelerated Javascript*

JUN 2020

Learned core concepts in Javascript/JQuery such as arrays and methods, callback functions, and API documentation.

#### **Juno College** — *HTML/CSS*

MAR - APR 2020

Learned core concepts such as flexbox and responsive design.

#### **Humber College** — *B.A. in Journalism*

2013 - 2017

Multimedia journalist at Humber student site, *Skedline*. Internships at *Torontoist*, *680 News*, and *Sony Music Canada*. Studied topics such as ethics, media law, long-form writing, and reporting.
